FISCAL ANALYSIS

ASSUMPTION

Officials from the **Department of Health and Senior Services, Department of Insurance , Missouri Department of Conservation, Department of Economic Development and Missouri Consolidated Health Care Plan** assume the proposed legislation would not fiscally impact their organizations.

Officials from the **Department of Highways and Transportation (DHT)** also responded for the **Missouri Highway Patrol (MHP)**. The DHT officials assume the proposed legislation will have no fiscal impact on the DHT or on the Highway and Patrol Medical Plan.

Officials from the **Department of Social Services - Division of Medical Services (DOS-DMS)** stated the proposed legislation requires health care professionals to inform patients about EDTA chelation therapy as a medical option for the treatment of certain conditions. The DMS assumes there would not be a fiscal impact. The DMS also assumes that health care professionals are currently informing patients about EDTA chelation therapy, when appropriate.

<u>FISCAL IMPACT - State Government</u>	FY 2003 (10 Mo.)	FY 2004	FY 2005

FISCAL IMPACT - Small Business

Small doctor's practices would expect to be fiscally impacted to the extent they may incur additional administrative cost due to the requirements of this proposal..

DESCRIPTION

This bill requires all licensed health care professionals in Missouri to inform patients about ethylene diamine tetra-acetic acid (EDTA) chelation therapy as a medical treatment option for certain medical conditions.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
